And much more!

## Welcome to the Minden Engineers

As the new commander of the GERMAN/BRITISH Amphibious Engineer Battalion 130, I would like to welcome you to our Open Day 2023 and am very pleased that you have accepted our invitation.

Today, we will present the capabilities of the engineers and associated units. The close ties to the city of Minden and the Mühlenkreis are clearly expressed through the support of civilian rescue organisations. Enjoy an interesting and diverse day with us at the Water Training Area on the Weser riverbank.

Become part of the Minden Engineers.

Anker Wirf!  
Who dares swims!

Florian Loges  
Lieutenant Colonel and Battalion Commander
